Lord Wilson School (LWS) Careers Policy

Approved by:	GFM Board	Date:	02 December 2021
Maintained by:	LWS	Next review due:	December 2022

To be greater and to aspire further

Careers Policy

At LWS Academy, we recognise the importance of preparing students for life beyond Year 11. Our careers provision has the Academy's ethos at its heart: *opportunity, encourage, achieve.*

Opportunity

All students in Year 9, 10 and 11 will have the opportunity to meet regularly with a careers advisor. This can be either 1:1 or within a small group. Here, they will be able to find out more about their chosen industry and routes into employment, or spend time working with specialist staff exploring their options should they be unsure about what to do after leaving school. Students also have the opportunity to experience working life in their chosen industry with a 5 day work experience placement within their local community.

Encourage

Staff work with parents/carers to support and encourage students into further education, employment or training. We strive to work with the support of parents/carers in encouraging students to engage with the careers provision and the opportunities available to enable them to make informed decisions relating to career opportunities. Parents are encouraged to support students with college open events, interviews and other relevant career opportunities such as work experience interviews.

Achieve

We recognise that transitioning from secondary education can be a difficult time for students with SEND, particularly SEMH. Here at LWS Academy, students have the chance to attend a local college, or suitable alternative provider placement from Year 10 onwards, which can form part of their personalised timetable. Staff work hard to ensure students experience day to day college life, as well as having the chance to achieve external accreditation linked to the course. This contributes to students achieving success in different learning environments, as well as helping to alleviate anxieties related to the transition process. In

To be greater and to aspire further

conjunction with a work experience placement, this can improve self confidence, pride and self worth - all key qualities for navigating the workplace.

Careers provision at LWS Academy includes, but is not limited to:

- Subject areas promoting the value of skills in later life through industry;
- Opportunity for impartial careers advice given on a 1:1 or small group basis from Year 9, provided through the trust.
- Opportunity for work experience placements in an industry of students choice - these are sometimes extended, where appropriate, to form part of a students personalised timetable
- Opportunity to access a suitable 14-16 college course, or similar from a local alternative provider as part of the blended learning provision.
- Providing structure and encouraging parent/carer engagement in the careers process through EHCP reviews and termly academic review days.
- Opportunity to access GFM careers events.

The careers provision at LWS Academy is supported by other secondary schools in the Gosport and Fareham Multi Academy Trust.
